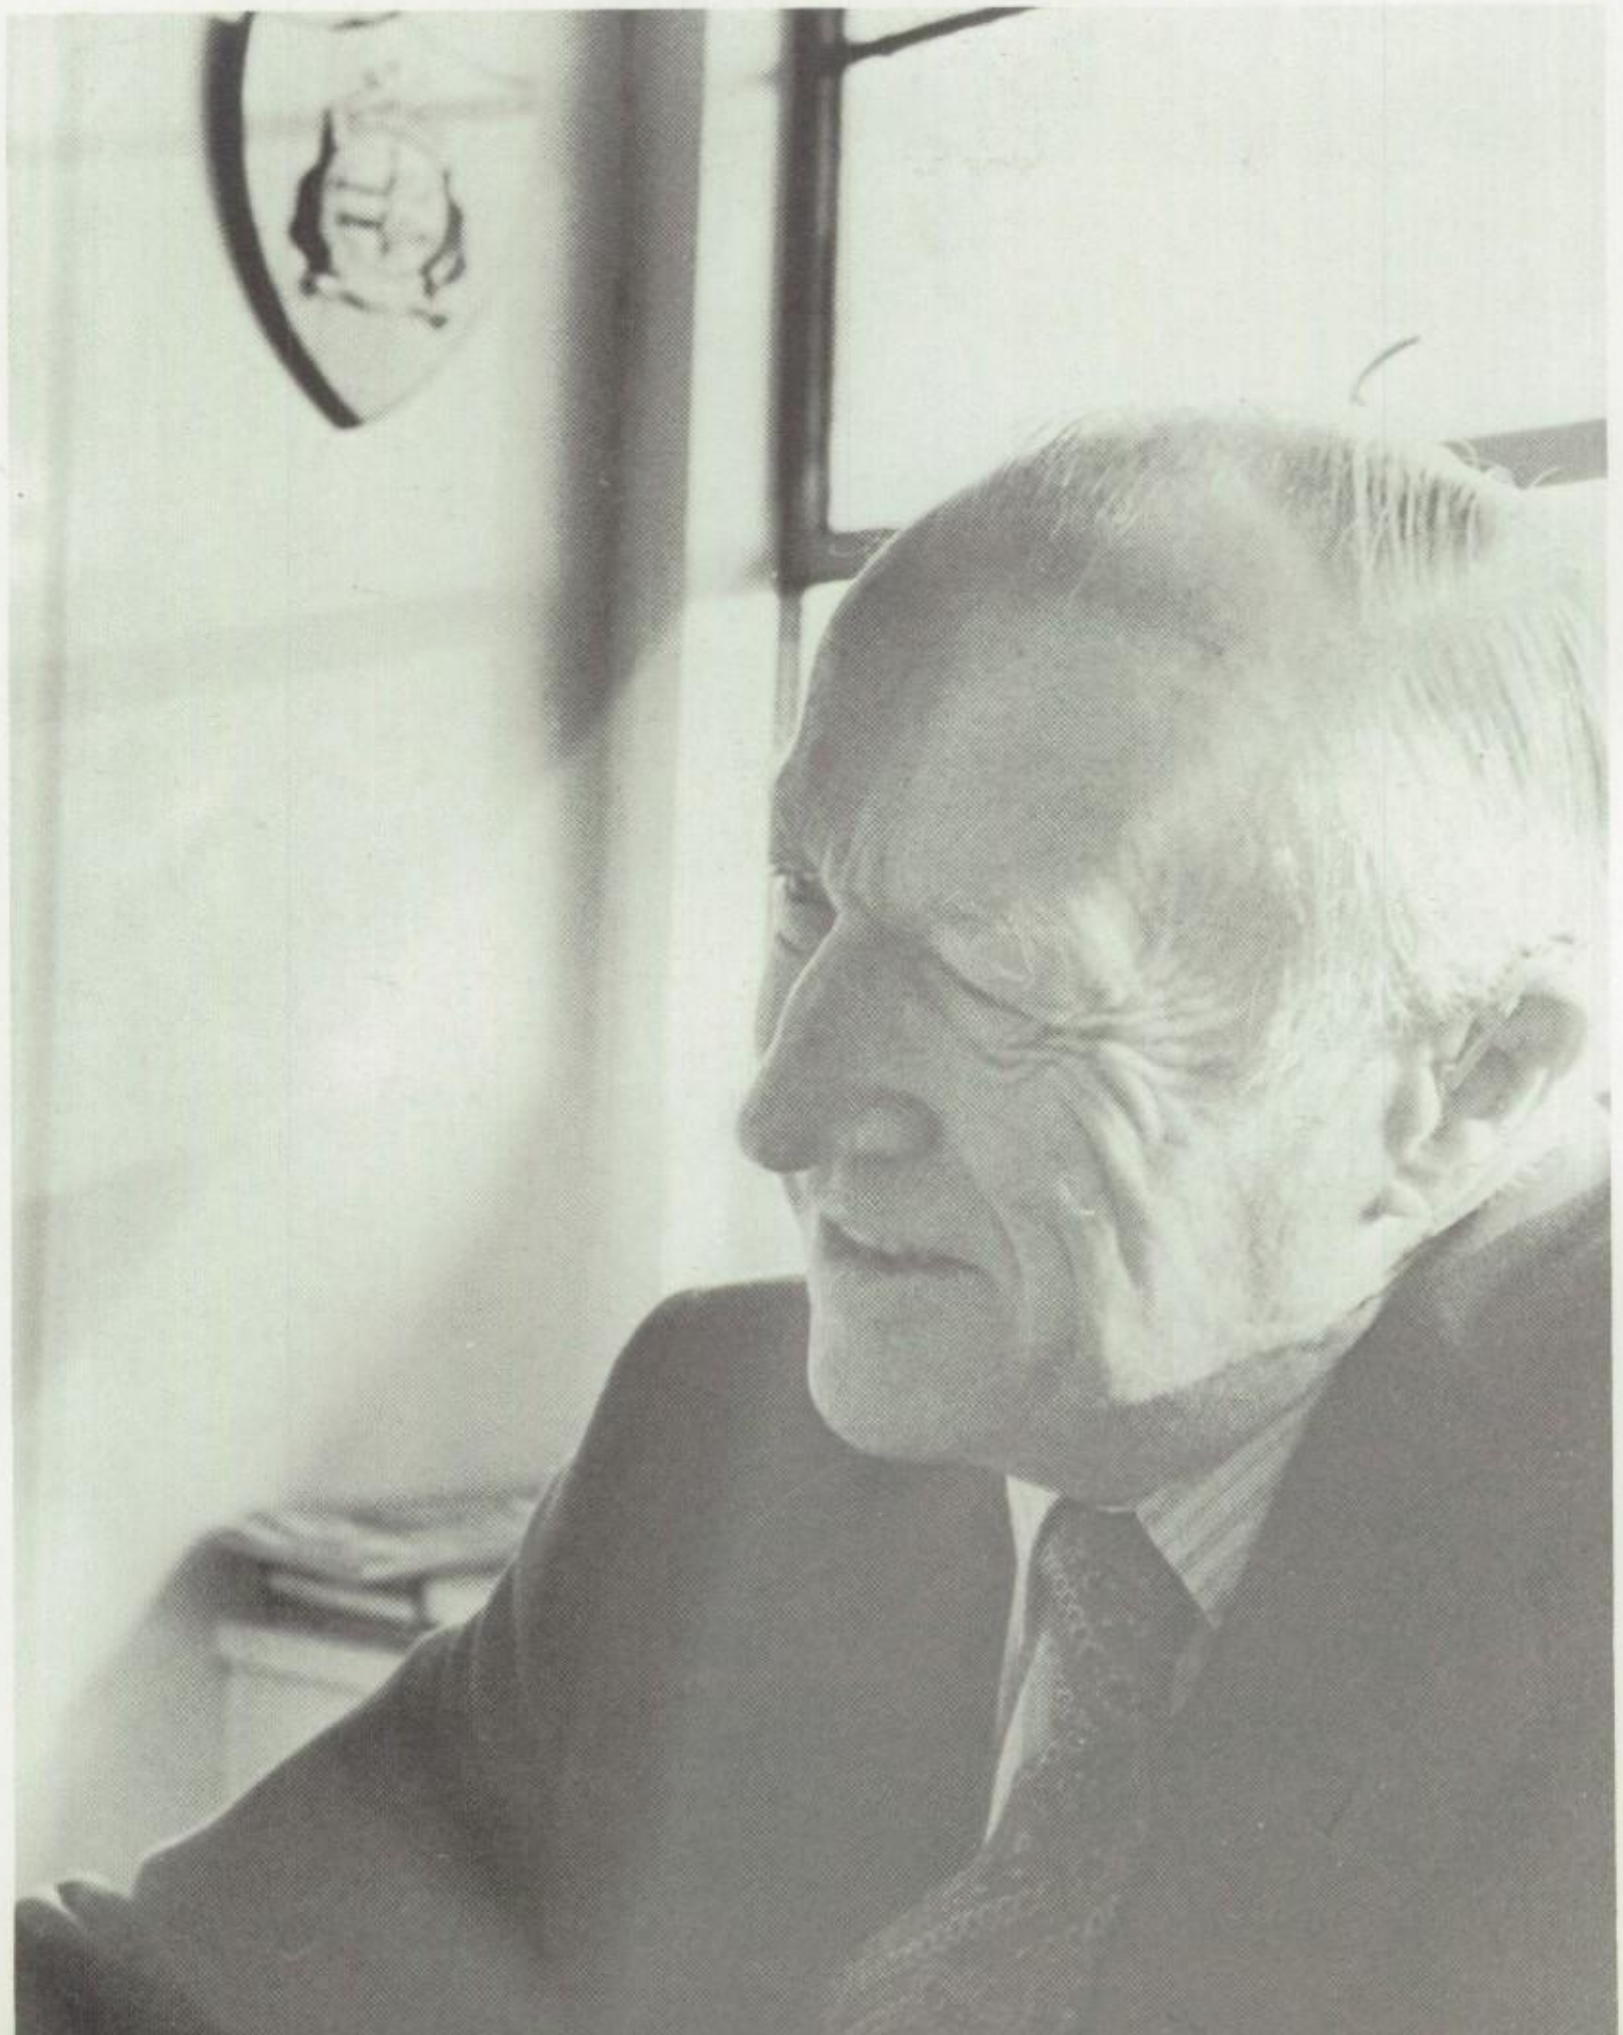
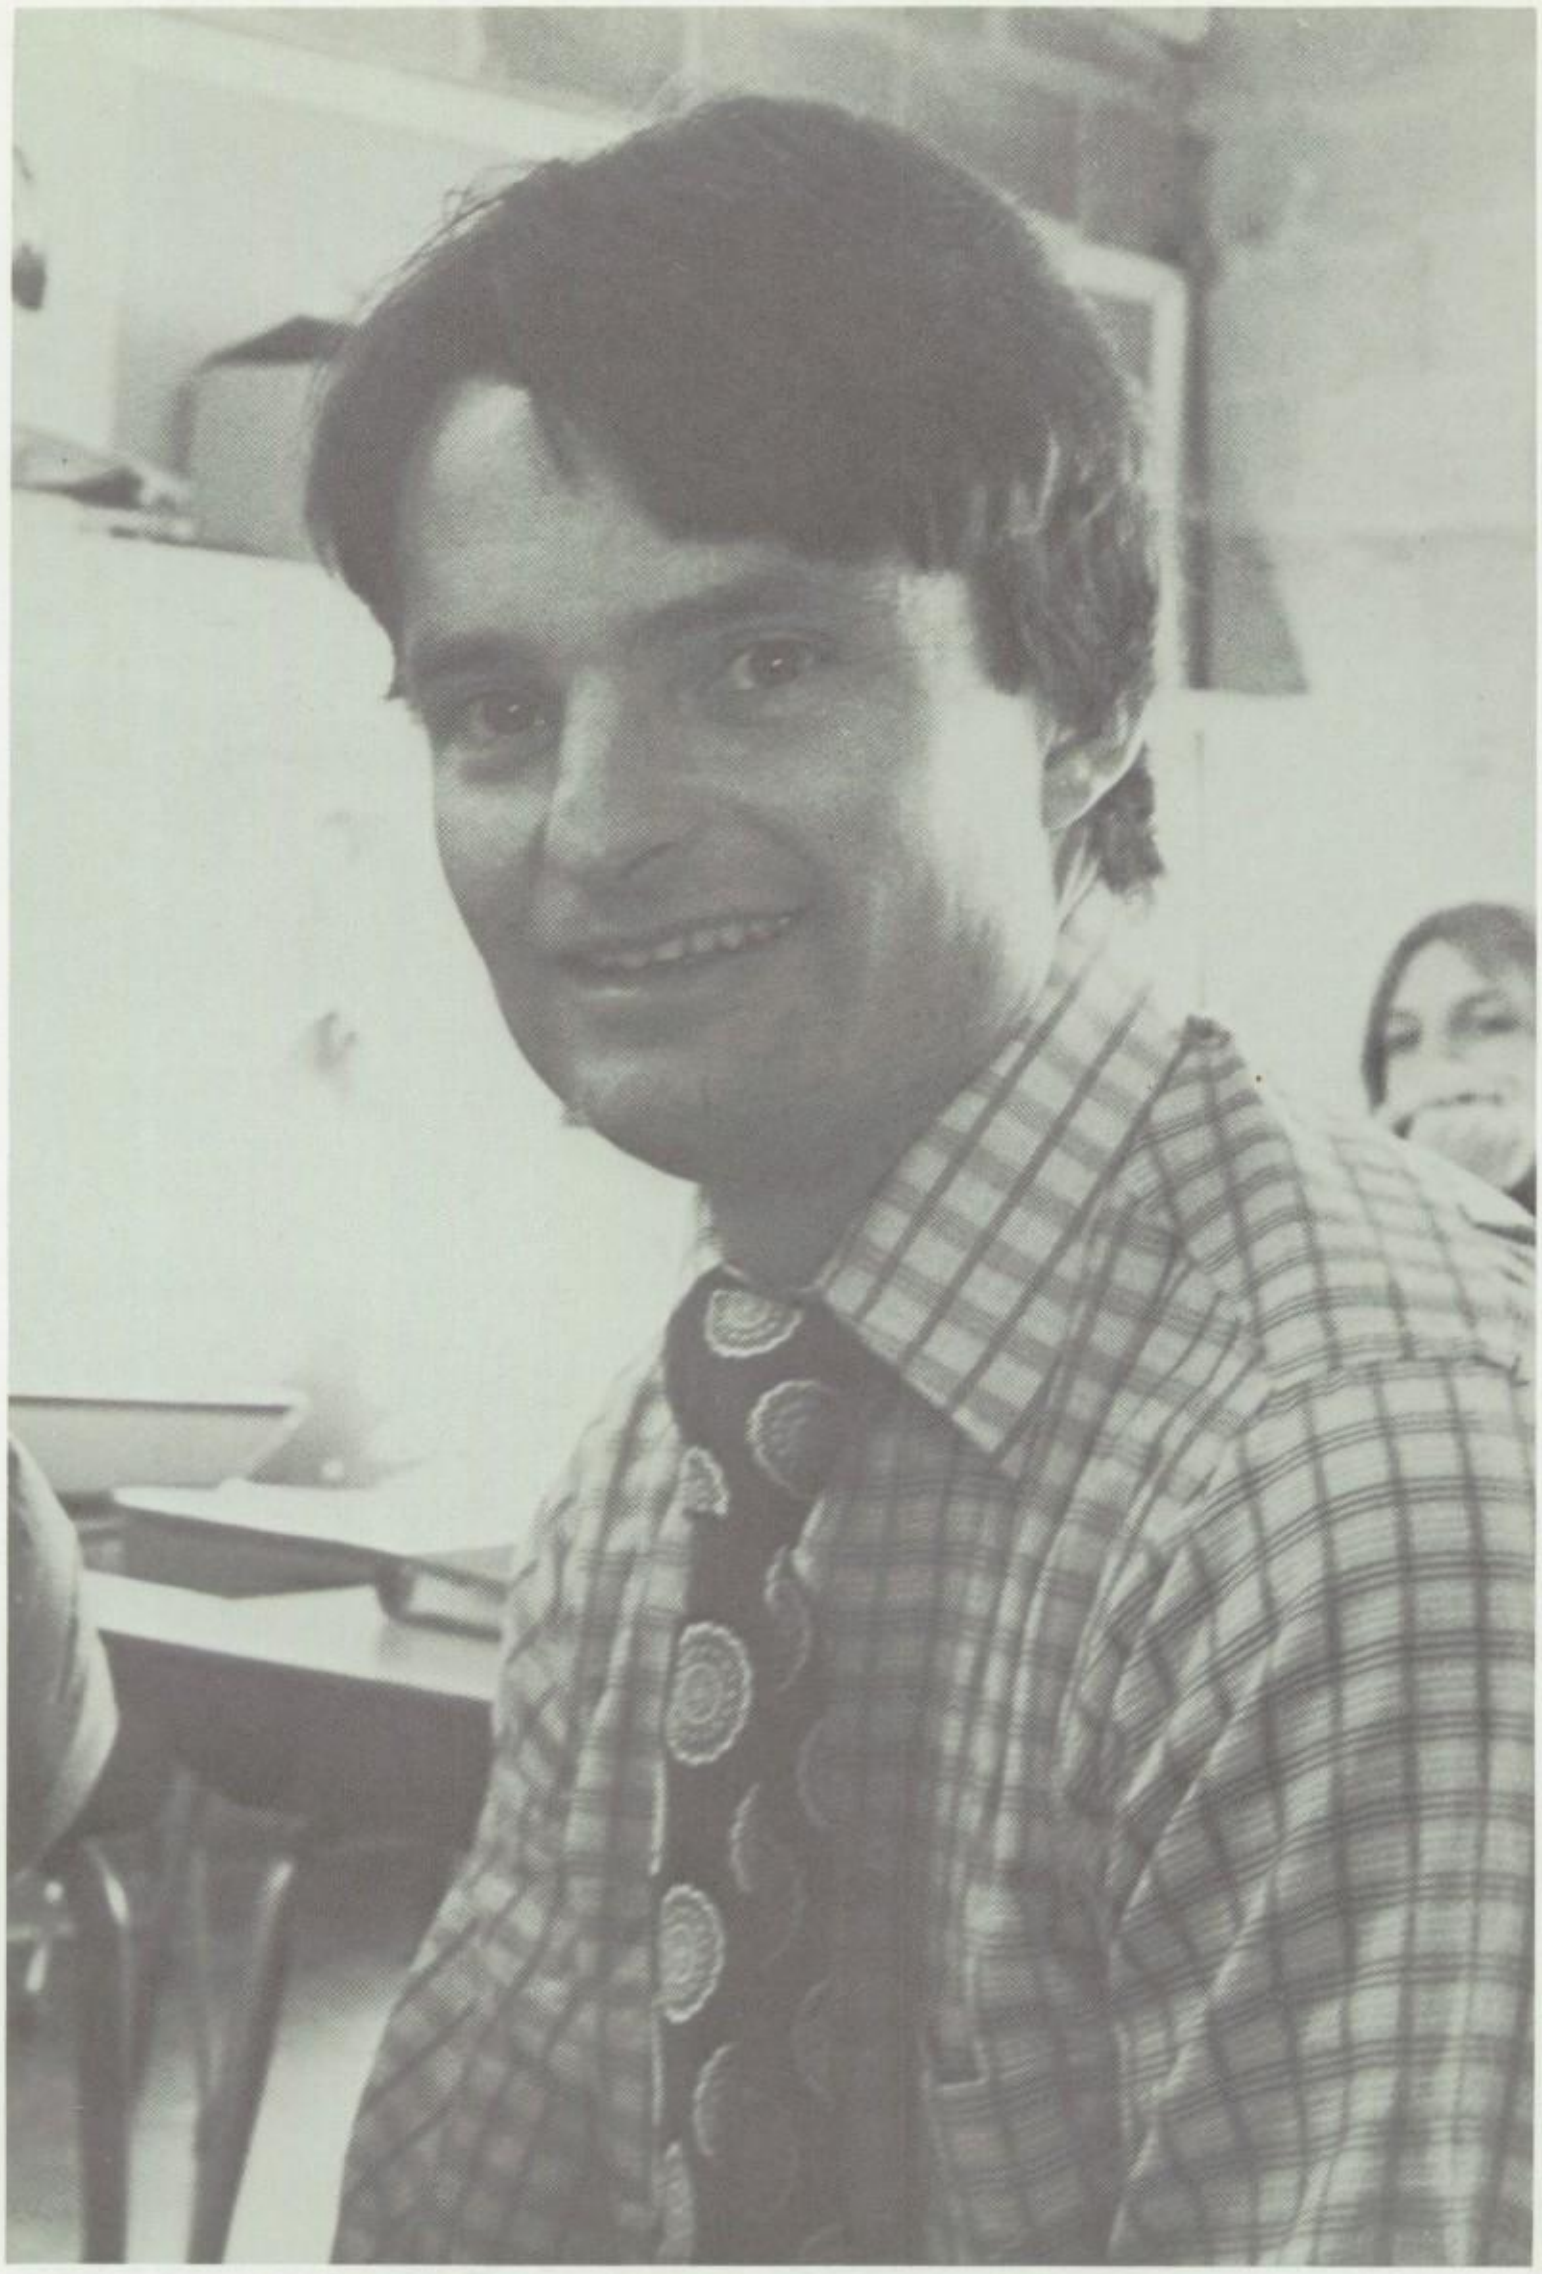
POTOMAC SCHOOL

1979

We, the graduating class of 1979, would like to dedicate our yearbook to two very special people.

One of them is a man who, in a practical way, has made our life at Potomac possible. He is the precipitation expert who can distinguish plain old rain from the fluffy stuff that makes a SNOW DAY. It is his laugh roaring through the square that breaks the winter gloom. He is the trouble shooter, the mender of broken windows, the man who manages money, the only one who can control Potomac's heating system — and explain it. For more than a decade he has walked the grounds to make sure each blade of grass is in its proper place. Thanks to him our playing fields are in top condition. It is hard to imagine the school without the indomitable Captain Rollings.





We also dedicate this book to someone we have known well for one year. He is always willing to give up time to discuss with any of us whatever problems or troubles we may have. He listens. He is understanding and presents an answer or solution which meets our crisis. He is always smiling and joking; his patience is unlimited. When we leave, we will all miss him. Thank you, Mr. Courtney.

ABONDANZA!
Mama Celeste

Each time I see a laying hen
Produce an egg I say amen,
I would not wish, I would not beg
To ever be a chicken egg.

No sooner laid, that egg is fried
In fat for breakfast, sunnyside
Up or scrambled — maybe boiled,
Too soft too hard, but surely spoiled.

The egg unfried gets whipped and jarred
With other eggs, then vinegared,
And in the end comes thinly spread
For lunch upon a slice of bread.

While into space the chickens gaze
And lay more eggs for mayonnaise.

Through pleasant and through cloudy weather;
'Tis hard to part when friends are dear
Perhaps 'twill cost a sigh, a tear;
Then steal away, give little warning,
Choose thine own time;
Say not "Good night," but in some brighter
clime
Bid me "Good morning."

He took his vorpal sword in hand:
  Long time the manxome foe he sought —
So rested he by the Tumtum tree,
  And stood awhile in thought.

And, as in uffish thought he stood,
  The Jabberwock, with eyes of flame,
Came whiffling through the tulgey wood,
  And burbled as it came!

One, two! One, two! And through and through
  The vorpal blade went snicker-snack!
He left it dead, and with its head
  He went galumphing back.
